

Personal, Social, Health Education (PSHE) and Relationships and Sex Education (RSE)

At Warren Wood Primary School, our PSHE and RSE curriculum is designed to support pupils to develop the knowledge, skills and attributes needed to lead safe, healthy and fulfilling lives, both now and in the future. Through a carefully planned and progressive curriculum, pupils are supported to understand themselves, build positive relationships and develop resilience, preparing them for life in modern Britain.

We are committed to providing a safe and inclusive learning environment where pupils feel confident to explore a range of topics, including relationships, health, wellbeing and personal development. Our approach reflects the ethos and core values of the school and ensures that pupils are supported to respect differences, make informed choices and understand their role as active citizens.

Through high-quality teaching, we develop the following essential characteristics in our pupils:

- A strong sense of self, confidence and emotional awareness;
- The ability to build and maintain positive, respectful relationships;
- An understanding of how to stay safe, both online and offline;
- Knowledge of how to keep physically and mentally healthy;
- Respect for diversity, equality and individual differences;
- The ability to make responsible choices and understand consequences;
- Preparedness for key transitions, including progression to secondary school.

Our PSHE and RSE curriculum is underpinned by statutory guidance, as well as our safeguarding responsibilities. It is designed to support pupils' personal development in line with our wider SEND, safeguarding and inclusion policies.
